

brooksource

In 2023, Brooksource became an Amazon Web Services (AWS) re/Start Collaborating Organization dedicated to upskilling cohorts of talent from underserved communities in AWS technologies. Our trainers facilitate 12-week cohort-style bootcamps and learners receive their AWS Cloud Practitioner certification upon completion of the program.

ELEVATE

Elevate is our workforce transformation program designed to build sustainable workforces of the future. We pipeline with a purpose, giving organizations access to strategic talent pools across emerging, diverse, veteran, and reskilled talent.

### GRADUATE ABILITIES

- ▶ Operating Network Infrastructures
- ▶ Deploying Basic AWS Core Services
- ▶ Triaging and Troubleshooting
- ▶ Python & Bash Scripting
- ▶ Supporting Linux Operations Systems

### BENEFITS & BUSINESS DRIVERS

- ▶ More AWS-trained or certified resources on staff
- ▶ Support DE&I initiatives
- ▶ Reallocate senior-level staff and improve their engagement and retention.

## Q1 2023 COHORT

Brooksource was awarded a grant from the State of Wisconsin to upskill local talent for our enterprise clients. Upon graduating the bootcamp, participants are onboarded into our national Elevate program.
